

SPIRITUAL ENRICHMENT

*F*irst developed as an outreach to the community, Laurel Heights Weekday School continues to reinforce basic Christian principles within the classrooms. A non-denominational Christian service is held each week and Christian holidays are celebrated during the year. The school values religious activities and includes them as part of the total curriculum. It is our hope that the love and care experienced by each child here will be internalized as a way to live with others.

FULLY ACCREDITED

*L*aurel Heights Weekday School is fully accredited by the National Association for the Education of Young Children, and maintains the highest standards of operation. The accreditation is unique in that only a very few preschools choose to undergo this intense review. This exemplifies our true commitment to provide the best environment for your child to develop cognitively, socially, and physically, as well as emotionally and spiritually.

PROFESSIONAL STAFF

*M*any of the professional staff members have been at Laurel Heights for more than twenty years. All Laurel Heights' teachers have appropriate credentials for teaching early childhood programs, including Associates and Bachelors Degrees, certification in Early Childhood Education, and designation as a Child Development Associate. In addition, our teachers supplement their skills throughout the year with workshops and seminars.

DEVELOPMENTALLY APPROPRIATE CURRICULUM

*T*he curriculum and teaching strategies at Laurel Heights Weekday School are both age and individually appropriate. This allows each child to progress at his or her own rate, based on the child's interest and abilities, within reasonable limits. Class sizes are kept well below the maximum state limits. The daily schedule reflects a well-ordered balance of individual, small group and whole group activities conducted both indoors and outdoors. Field trips are incorporated into many of the classes for additional learning experiences. Separate classes are also provided each week for the study of music and Spanish; the large indoor gymnasium is used for motor skills class and during inclement weather. We work constantly to keep materials and facilities state-of-the-art.

PROGRAM OFFERINGS

*L*aurel Heights Weekday School offers school year and summer programs including infant/toddler and preschool classes as well as early morning and afternoon care. Monthly tuition fees are based on number of days attended. Church member discounts for part-time attendance or flat rates for all children with full-time attendance are available. In addition, second child discount for all families if both children attend 5 days per week.

SMILING HAPPY FACES

*I*f smiling, happy faces are a good indication of just how much the children enjoy their time here, then we believe we've done our job well. We also believe that there is no limit to what children can achieve if their potential is nurtured to the fullest. When it comes to your child's education, you couldn't ask for a better start in life than Laurel Heights Weekday School.

Celebrating Fifty-five Years...

Of all the decisions you will make on your child's behalf, one of the most important is a choice of infant/toddler and preschool program. When the early learning experience is a good one, your child will associate learning with enjoyment and wonder.

With that in mind, we welcome you to Laurel Heights United Methodist Church Weekday School, where nurturing your child's potential has been our primary goal since 1952.
